9. **MOTION – (HON. DR. CATHERINE BARMAO KIPTANUI –NOMINATED MCA**

Aware that emergency preparedness is a pre impact activity that establish a state of readiness to respond to extreme events that could affect the community through fire, building collapsing terror attacks etc; **Further aware that** emergency preparedness is achieved by planning, training, equipping and exercising the emergency response organization; **Concerned that** when a disaster occurs it must be resolved by the suspension of normal procedure and substituted with emergency ones; **Noting that** the primary goal of the emergency response is to protect public and private property and the environment, as well as minimize the disruption of community activities; **Cognizant that** lack of a common organizational structure, inadequate emergency assessments, poorly coordinated planning, uncoordinated resource allocation, and inadequate interagency communications at the incident scene may lead to death or lose of property: This County Assembly urges the County Government of Uasin Gishu to establish a fully equipped modern disaster management infrastructure with an Incident Command System and Incident Management System to enable effective, efficient incident management by integrating a combination of facilities, equipments, personnel, procedures and communications operating within a common organizational structure to help mitigate disasters.
