9. **MOTION – (HON. ALICE RONO –NOMINATED MCA)**

Aware that maize and wheat farmers in our County have been earning low income from the produce due to poor prices in the cereals markets; **Further aware that** the two crops are the major cash crops grown in our County and thus the major economic contribution to the County's economy; **Concerned that** for many years farmers in our County have suffered both economically due to low incomes from their earnings; **Noting that** in order to alleviate the farmers problems the County must address the issue of poor market opportunity for the maize and wheat farmers at most; **Further Noting that** collecting centers and National Cereal Produce Board (NCPB) have closed their shops leaving farmers wondering where to deliver their produce instead they deliver to middlemen who are exploiting them : This County Assembly urges the County Government of Uasin Gishu through the departments of Agriculture, Trade and Industrialization to explore, research and develop a policy that will enable cereals' farmers to acquire markets that will offer better prices for maize and wheat farmers.
