**Aware that** Eldoret town and its environs has of late experienced a substantial increase in road traffic including lorries, motor vehicles,tuk tuks and a huge number of motor cycles commonly known as boda boda; **Further aware that** as a result of the above traffic there has been a proportionate increase in the number of accidents and incidents caused by these motor vehicles which always results in large traffic congestion in Edoret Central Business District and it's environs ; **Concerned that** these vehicle congestion cause a lot of inconveniences to many road users as they waste their time while waiting for such traffic jams to be cleared by the concerned authorities; **Noting that** currently the Department of Roads, Transport ,Energy and Public Works depends on private breakdown vehicles to tow away vehicles that stall on the roads within the CBD and its environs as a result of such accidents and incidents: This County Assembly urges the County Government of Uasin Gishu through the Department of Roads, Transport, Energy and public Works to set aside funds that will be used to procure sufficient vehicles to provide public vehicle breakdown services in Eldoret town and other urban centers in the County.
