7. Statements
8. Motion and Bills

9. MOTION (HON. JONATHAN NGETICH – MCA KAPTAGAT WARD)

Aware that County Public Works and Services including storm water management systems in built-up areas is a devolved function bestowed on County Governments by the Constitution of Kenya; **Further aware** that most of our urban, pre-urban and other built-up areas have oftenly experienced sporadic light and at times relatively heavy floods due to poor management of storm water, especially during rainy seasons; **Noting that** such floods have oftenly caused serious damage to the existing infrastructure in such areas among other social and economic dangers ;**Concerned that** there is no existing policy framework by the county government of storm water in the County; **Cognizant that** there is urgent need for the development of such policy to avert further losses; This County Assembly urges the County Government of Uasin Gishu through the Department of Environment, Water and Natural Resources to urgently formulate and forward to this County Assembly for approved policy framework and legislative proposal for the management of storm water within built-up areas in this County.
