9. MOTION (HON. JOSPHAT LOWOI – LEADER OF MAJORITY (MCA - KARUNA/MEIBEKI WARD))

Aware that this County Assembly has passed the Annual County Budget for the last three years, **Also aware that** in all the previously passed Budgets, huge sums have been allocated to the Department of health taking into consideration that the right to good health is a fundamental human right therefore access to proper health care is a right ; **Further Aware that** residents have continuously complained of lack of drugs every time they visit the County's hospital and health centers despite allocation of funds in the budget to purchase drugs ; **Also Aware that** there are many administrative wrangles within the department of Health which could be causing this problem of lack of medicines; I therefore urge this County Assembly to resolve to constitute an ad-hoc Committee comprising of seven members within fourteen days to work alongside the Committee of Health to investigate why drugs are unavailable at our health centers and give recommendations on how to solve this serious problem.
