9. MOTION (HON. ISAAC CHIRCHIR – MCA – SOY WARD)

Aware that our County Government recently acquired a variety of new road making equipments namely twelve Graders, three Dozers, three Excavators, three Backhoe, three Rollers and nine Tipping Tracks; **Further aware** that the County government also inherited from the defunct County Council of Wareng and Eldoret Municipal Council **three** serviceable graders, **two** Dozers, **two** shovels and **one** tipping track; **Noting that** road network spans to the various parts of the County far and wide and all of them deserve constant attention and maintenance; **Further noting** that currently all the said equipment are centrally managed and run from central point at the County governments headquarters; **Concerned that** the County Government has to date not formulated a policy to ensure efficient, effective, prudent, fair and equitable utilization thereof; **Further concerned** that there are some road networks in various parts of our County especially far flank areas which have not been and are most likely not going to be reached; **Cognizant** of the need to have proper efficient and equitable use and application of the said equipment with the view to ensuring uniform and equitable infrastructural development across the County; **Further cognizant** that the main objective of devolution is to take the power to make relevant decisions and

resources closer to the people, in the spirit of devolution our County have already established Sub-County units for purposes of Governance; Convinced that the said equipment may be best put in use if stationed and managed from the decentralized levels of the County Government; Convicted that this has always been the desire of a majority of the residents of this County; This County Assembly resolves to cluster the six Sub-Counties for purposes of stationing and managing the said equipment as follows;

1. Ainabkoi and Moiben Sub-Counties to constitute the Uasin Gishu East pool with its station at respective Sub-County headquarters
2. Kesses and Kapseret Sub-Counties to Constitute the Uasin Gishu South pool with its station at respective Sub-County headquarters and apply distribute and or decentralize the placement and management of the same as follows;-
3. Turbo and Soy Sub-Counties to Constitute the Uasin Gishu North pool with its station at respective Sub-County headquarters and apply distribute and or decentralize the placement and management of the same as follows;-
 - a. Four new graders, one new dozer, one new backhoe, one new excavator, one new roller and three new tipping tracks per pool as stated herein above namely the Uasin Gishu East, South and North pools at respective Sub-County headquarters.
 - b. The remaining three old graders, three old dozers, three shovels and one old tipping track to remain and be stationed at the existing central pool at the County headquarters to be used for emergency and equalization services.
