**Aware that** ECDE is a devolved function, **Further Aware** that the type of education is a crucial program that lays a foundation for a child's holistically integrated education that meets the cognitive and affective psychological domains, together with social, moral, spiritual, emotional and physical developmental needs, **Concerned that** the introduction of free primary education(FPE) Policy enticed poor parents to have a tendency of keeping their children at home until they reach the entitlement age for Free Primary Education leading to the problem of unprepared standard one pupils which ends up affecting the academic evolution of the child, This County Assembly urges the County Government to revamp the entire Sub Sector of the Early Childhood Education through employment of all ECD teachers currently serving in all the feeder ECD Centers in the County.
