**Aware that** the boda boda sector in the County is a major source of employment to our youths and a major contributor to the County's economy; **Further Aware that** the sector employs a majority of youths who otherwise would be idle and be tempted to engage in illegal and criminal activities in order to earn a living; **Concerned that** so far the County Government of Uasin Gishu County has not developed any substantive policy or framework which the boda boda sector can be controlled, coordinated and managed so that it can develop and flourish in tandem with the County's Economic blue print; **Noting that** failure to streamline the boda boda sector will create future societal and economic problems that will cause unnecessary friction between the County Government and the sector: This County Assembly urges the County Government of Uasin Gishu through the relevant Department to develop a policy framework that will identify, address and provide permanent solutions to the problems facing the boda boda sector.
