Aware that according to the County Integrated Plan(CIDP) 2013-2018 the County Government of Uasin Gishu committed itself to establish an agri- business centre at Chebororwa Agricultural Training Centre whose functions amongst other things would be to offer training to farmers on good agricultural practices; **Further Aware that** the centre would also be involved in research and extensions services that will result in the enhancement of farmers skills and knowledge that will enhance creativity and innovation in their production methods; **Noting that** Agriculture supports over 80% of the rural population of Uasin Gishu County in terms of household income and security; **Cognizant that** farmers do not access accurate and relevant agricultural information on time; This County Assembly urges the County Government of Uasin Gishu through the Department of Agriculture, Livestock Development and Fisheries to develop a comprehensive development plan for Chebororwa Agricultural Center that will make it a modern and fully fledged agricultural training institution for the County .
