Aware that Youth is an important asset to our County if well managed, **Further Aware** that currently most youths are idle due to lack of sustainable employment opportunities, **Concerned that** failure to plan for the Youth poses a dangerous situation in future since some of them will be attracted to crime and even others might join dangerous local and international groups and cause insecurity to our County, **Noting that** so far the County Government of Uasin Gishu has not developed a coherent policy framework on how the County's Youth can be effectively empowered so that they are engaged in reliable and sustainable jobs, **Cognizant that** the youths are the main backbone and drivers of the current and future economy, This County Assembly urges the County Government of Uasin Gishu through the Department of Education, Youth Affairs and Cultural Services to promulgate a Youth Empowerment Policy and forward it to the County Assembly for concurrence and approval.
