Aware that the management of Public libraries is a devolved function pursuant to the Fourth Schedule of the Constitution of Kenya, 2010; **Further Aware that** availability of library services encourages reading culture which in turn raises literacy levels amongst county residents; **Noting that** there is only one public library in the County that is not well equipped; **Concerned that** some school leavers have often drifted towards illiteracy due to non-reading culture or inaccessibility of reading materials; **Cognizant that** Vision 2030 envisages reduction, with the view to elimination, of illiteracy through accessible quality education or learning; This County Assembly urges the County Government through the Department of Education, Culture, Social Services and Sports to prepare and forward to this County Assembly for approval a policy framework for the establishment of modern Public Libraries and forthwith fully equip and modernize the existing Public Library.
