9. MOTION (HON. PIUS KIGEN – MCA - TEMBELIO)

Aware that the Agricultural Sector in Kenya has been largely liberalized, **Further aware** that the market for maize and wheat which are the backbone of the Agricultural Sector in our County has been adversely affected by cheap imports, **Concerned that** many farmers have raised concern over huge losses they incur annually due to such imports, **Further concerned** that this scenario has seriously slowed down the social economic development of our County since almost the majority of residents in the County depend on farming, **Noting that** new creative and innovative ways should be formulated in order to address the challenge of cheap imports and lack of readily available markets, **Cognizant that** our County is endowed with favourable climatic conditions that can support diverse agricultural activities; This County Assembly urges the County Government through the Department of Agriculture, Livestock and Fisheries Development to come with appropriate programmes to sensitize and educate farmers on the need for crop diversification and engage in other crop production.
