9 MOTION (HON. ROSE KISAMA – NOMINATED MCA)

Aware that clean environment is generally necessary for the building of a healthy and wealthy society; **Further aware that** environment is mostly degraded by improper disposal of solid, liquid and gas wastes derived from various human activities; **Concerned that** environment in most of the urban, pre-urban and town areas in this County is facing serious threat of degradation due to poor or improper waste disposal, vegetation clearance and general pollution; **Noting that** the said unclean environment has and threatens to continue to discourage both direct and indirect local and international investors thereby slowing Social and economic development in the county; **Further noting that** there is urgent need for the county government by itself or in partnership with other stakeholders to intervene and manage the environment particularly through proper waste management, beautification and prevention of pollution, **Cognizant that** the county government may of now not be well endowed with the necessary resources to ensure clean and safe environment; This County Assembly urges the County Government to develop a policy framework and legislative proposal to enable it partner with the private sector, non-state actors, local business community and the general population in the general management of the environment.
