9. MOTION (HON. CAROLINE BIRGEN – NOMINATED MCA)

Aware that industrialization is one of the major building blocks for economic development and advancement, **Further aware** that since the promulgation of the Constitution of Kenya (2010), Counties have become the new focus and centres for major social and economic activities, **Concerned that** currently the County has not drawn up a policy to establish a land bank from which investors can be allocated land on considered terms for construction and establishment of business premises for operational purposes, **Noting that** according to the County Integrated Development Plan (CIDP) 2013-18 the County is required to identify incentives that are sector specific which will make the County of Uasin Gishu an attractive and strategic investment destination, **Further noting** that the County Integrated Development Plan(CIDP) is expected to further focus on the economic pillar of Vision 2030 by indentifying business activities in priority areas, **Cognizant that** most developing and developed nations have anchored their progress on investment in well defined and strong industrial development policies and guidelines; This County Assembly urges the County Government through the Department of Trade, Industrialization, Tourism and Wildlife Management to identify and secure land in the periphery of Eldoret town for creation and establishment of an Industrial Park.
