9. MOTION (HON.PETER CHOMBA - MCA HURUMA WARD)

Aware that the youth and women are faced with various constraints in accessing credit facilities and therefore unable to start new trade ventures or expand existing ones, **Further aware** that most youth and women do not participate in reasonable economic activities because they lack collaterals that they can present to financial and banking institutions in order to secure loans, **Concerned that** the low economic development in the County and our County is due to low level of economic participation due to non accessibility of loans and credit facilities, Noting that according to the County Integrated Plan (CIDP) which is the County's strategy for attainment of Vision 2030, lack of sustainable funding has inhibited the competitive and growth of micro, small and medium enterprises including community based enterprise in the trade sector, **Noting** that according to the County Integrated Development plan (CIDP), the County Government will be required to address the existing and emerging constraints considering that access to credit facilities is viewed as one of the viable routes for the youth and women of the County to participate in gainful income earning opportunities; This County Assembly urges the County Government through the Department of Trade, Industrialization, Tourism, wildlife to come up with programmes that sensitizes the youth and women in accessing the funds.
