Aware that under article 220 of the Constitution of Kenya and Section 126 of the Public Finance Management Act, 2012, the County Integrated Development Plan (CIDP) is the most significant guiding principle for Strategic framework for development, planning and budgeting at County level, **Further** Aware that Strategies and activities attached in the plan should be reviewed to make it dynamic, relevant and more citizen focused, **Concerned** that currently we are experiencing challenges in implementing priority projects that have not been captured in the CIDP, **Further concerned** that the paper did not capture the aspiration of the residents at that time and never differentiated County functions from national functions, **Noting** that the County Integrated Development Plan (CIDP) and the vision 2030 are always the main reference in project implementation within the County; This County Assembly urges the County Government of Uasin Gishu to review the current County Integrated Development Plan (CIDP) to reflect the current priorities and to make it more relevant and citizen focused.
