**Aware that** a teacher and some school children were recently injured at Poa place while using their leisure facilities; **Further aware that** the incident could have caused loss of life; **Concerned that** many gaming lounges and leisure places offer such services while not sure of the safety of the recreational facilities they are offering for public use; **Noting that** there should be regular inspection by the concerned County authorities in order to ensure that all facilities offering such recreational facilities are safe for public use. This County Assembly urges the County Government of Uasin Gishu through the department of Trade and Industrialization to ensure that all business operating recreational facilities are safe for use.
